Preparedness and Response Plan (PRP) for MI Safe Start Phase 4

- Mode of Instruction: 100% online instruction
- Athletics and after-school activities are permitted per MHSAA guidance and local decisions/guidance.
- Meal services/distribution program is enacted.
- Rigorous safety protocols are in place.

Virus Status

- The number of new cases and deaths has fallen for a period of time, but overall case levels are still high.
- Most new outbreaks are quickly identified, traced, and contained due to robust testing infrastructure and rapid contact tracing.
- Health system capacity can typically handle these new outbreaks, and therefore case fatality rate does not rise above typical levels.
- The overall number of infected individuals still indicates the need for distancing to stop transmission and move to the next phase.

How to Keep School Communities Safe

- School preparedness and response activities continue – conducting ongoing surveillance and executing a series of active mitigation measures.
- Schools should be prepared to implement social distancing measures.
- Short-term dismissals and suspension of extracurricular activities should be expected for cleaning and contact tracing purposes.
- Schools must consider the judgment of the local health department for the sub-region (i.e., county or ISD) of concern.

School Operating Status

- In-person instruction is permitted with required safety protocols.
- Okemos will be online with exception of some special populations

Essential Actions and Safety Protocols

- Safety protocols
- Mental and Social-Emotional Well-being
- Instruction
